

Payton Sports Camps

5th Annual

Shooting

Clinic

**For Boys and Girls Entering Grades 4-9
June 28 - July 2, 2010 at White Rock School**

Fortunately, many boys and girls start their love for the game of basketball at a very young age. The only down side of this is that they begin shooting a basketball so early that they usually have to alter correct form in order to reach the basket. These bad habits develop early and can stay with players throughout their lives.

Payton Sports Camps has spent the last ten years helping young basketball players of every skill level learn correct shooting form and increasing their effectiveness to consistently shoot the ball with success. In just the last three years in Jefferson Township we have helped over 200 kids develop into better shooters. At the shooting clinic, players participate in drills that they can use throughout their careers which reinforce proper technique and make them a more accurate shooter. They also get a chance to compete and earn prizes!

We look forward to having the opportunity to help your child become an excellent shooter.

"You can't be a great player without great fundamentals!"

Staff

Camp Director: Scott Reid

**White Rock School Phys. Ed Teacher
Physical Education Teacher Since 1997**

**Brookside School Basketball Coach 98'-05'
Shooting Clinic Instructor 99'-Current**
