Administrative Assistant

September 13, 2019

Dear Parent/Guardian:

Throughout this school year, your child may participate in a variety of standardized assessments that measure what your child knows and is able to do. The results of these assessments will help us determine if an individual student is excelling or needs additional supports. The aggregated data our educators receive from these assessments can be used to measure the effectiveness of our curriculum and our instructional programs. You will be notified regarding the schedule of testing before the administration of each of these assessments.

Information regarding each assessment is detailed below. We are asking parents to use the resources listed below to familiarize yourself with the types of questions and content that will be measured on our assessments. You can use these resources to work with your child to better prepare them for the tests.

Thank you for all you do on behalf of your child. Please contact your child's guidance counselor or building principal should you have any questions.

Sincerely,

Roger A. Jinks, Jr.

Roger A. Jinks, Jr.
Assistant Superintendent

Assessment Subject Area	Administration Date/Time	Grades Covered	Requirement	Results Available
