In-District School Counseling Services:

Summer of 2022 and MP 1 of the 22-23 School Year

Jefferson Township Public Schools has partnered with Tri-County Behavioral Care to offer on-premise individual counseling sessions. We will continue our partnership throughout the Summer of 2022 for existing clients, and the first Marking Period of the 2022-2023 School Year. A determination of continuation of programs beyond Marking Period 1 of the 2022-2023 school year will be announced at a later time.

SUMMER UPDATES:

Incoming Grade 1 through Grade 12 students will have the opportunity to continue with their sessions throughout the summer. Parents have the option of having their child meet with a TCBC therapist at their Sparta office, virtually, or at Jefferson Township High School. If families would like to attend sessions at JTHS, please see information below:

- Jefferson Township High School hours: 8 am to 2 pm
- Parents will need to provide their own transportation, and be available throughout the session. Parents may wait in the school or their car.
- Tri-County Behavioral Care Sparta office times will be available between 7:45 am-11:30am based on availability.

Parent/Guardian:

Your child's current therapist will be reaching out to discuss summer options with you and to set up summer appointments if you are interested in participating throughout the summer.
