

# Support on the Journey

Online support group for caregivers

**Topic:** Discipline Issues: Bullying, Zero Tolerance, and Behavior

**Date/Time:** Tuesday, March 25, 2025 from 10:00am to 11:30am, ET

**Presenter:** Jared Oberweis, Hinkle, Prior & Fischer, Disability Rights Attorney

**About this session:**

*State and federal laws offer important protections, but can also be misapplied in some situations, causing a student with disabilities to be labeled as bully. Anti-bullying rules in school settings have revealed the extent to which students with disabilities – particularly those with social disabilities – are victims of bullying. Attorneys will describe the regulations surrounding bullying and will discuss strategies to help ensure that bullying is appropriately addressed not only through reactive measures, but also proactivity through the IEP. This 90-minute presentation includes a Q&A.*
