FALCON PRIDE Student Recognition Award for November –

Recipients: **JADEN SALUS AND EMERSON THOMPSON**

Both Jaden & Emerson were recognized by teachers around the building for their positive contributions to our school and community.

Nominated by Ms. Daken, Jaden consistently goes above and beyond to make others in our community feel accepted and welcomed. According to Ms. Daken, "As the GSA president, Jaden works constantly - organizing events, encouraging new members, and brainstorming new ideas. He is also an enthusiastic member of the Falcon Ambassadors and has worked on displays and research."

Nominated by Ms. Clarizio, Emerson shows kindness to all she encounters in the building, and serves as a student leader to her peers. According to Ms. Clarizio, "Emerson is extremely thoughtful and generous. She goes out of her way to demonstrate kindness to others in new ways, and sets an example for the school community".

Both Emerson and Jaden will receive custom t-shirts, certificates, and a gift card to a local business in the community.

Please congratulate both students when you see them. Thank you for your continued support of this program!

Technology Education Class –

On December 6, Universal Technical Institute came to JTHS to do a virtual welding demonstration. Students got to see, hear, and feel what it's like to use a stick welder.

We learned about the arc created when the charged stick comes near the piece of metal to be welded.

What a cool demo for students thinking about the trade school route!

The Academy for Environmental Science –

The Governor's Environmental Excellence Awards are awarded annually to individuals and organizations that demonstrate commitment and leadership on a variety of environmental issues, including environmental justice, climate change, sustainability and education. This year, The Academy for Environmental Science has been awarded the 2024 Governor's Environmental Excellence Award for Environmental Education!
