Student Assemblies –

Sophomore students participated in an assembly presented by Jack Elsmore on Feb 3. He talked about his son's struggles with addiction and the consequences he faced. His message was impactful and hopes to help our students understand the negative impact of poor choices. Our Junior and Senior students participated in an assembly titled "Remembering TJ" on Feb 9. Mrs. Secik gave a powerful assembly about the life of her son who seemed to have had it all from the outside looking in. They discussed the importance of mental health and the need to seek help for yourself and/or others.
