WEAR RED DAY!
Homerooms with 100%
participation received
donuts courtesy of the JTEF!!

Some Halloween Fun –

Jefferson Alumni –

On October 14, the high school hosted the combined graduating classes of 1974, 1975, and 1976. The former students were given a tour of the building and treated to the homecoming football game. One of the students from the class of 1975 is a published author. He donated two of his books to our media center: *Conscientious Equity- An American Entrepreneur's Solutions To The World's Greatest Problems* (2010) and *Mapping America- The Incredible Story and Stunning Hand-Colored Maps and Engravings That Created The United States* (2021). Mr. Lipton and the high school thanks Neal Asbury for his kind contribution.

Business and Finance Academy –

Students in the JTHS Business and Finance Academy were treated to a visit by two senior VPs from Selective Insurance to talk about careers and occupations. Students participated in a group discussion identifying how the same occupations can exist across multiple industries and disciplines, and why it's important to find an occupation you enjoy doing.

FBLA –

FBLA will once again be hosting an animal shelter collection drive for the Jefferson Animal Shelter. New or like new items can be dropped off in the collection box between November 1, 2022 - November 22, 2022. The last time we ran the collection we ended up with over two truckloads of donations!
