AP Chemistry 2020-2021
Summer Assignment

AP Chemistry is an accelerated course which requires students to spend time over the summer reviewing information before the course begins. In order to meet the rigorous requirements of the course, you will need to complete the following assignments over the summer:

- Your textbook is *Chemistry, The Central Science, AP Edition*, 14 ed. by Brown, LeMay, et. al. You can access the full electronic version of the text by registering at the following website: [www.pearsschool.com/access](http://www.pearsschool.com/access)
  - Enter SSPREN in the field provided.
  - Click "Covered Titles."
  - Click “science.”
  - Click “Brown/Lemay, Chemistry: The Central Science 14e Mastering Chemistry.”
  - Click “student registration.”
  - Click “I Accept.”
  - Create an account with Pearson using the following access code: SSPREN-ATOLL-SERRY-GIGUE-RUBBY-HONES
  - Remember to write down your User name and password in a safe place.
  - Here is the site to use to log in after you have registered: [www.masteringchemistry.com](http://www.masteringchemistry.com)
  - Register for our class’ course. The course code is: MCKULA8664766

- Read the first three chapters of the e-book text.
- Complete the Chemistry Primers, Introduction to Mastering Chemistry Assignment and Homework for chapters 1-3 on the Mastering Chemistry website.
- Sign up for Google Classroom using code: semrmou.

We will be reviewing chapters 1-3 during the first week of school, and a test will be given during the second week of school.

If you feel that you require additional review, there are additional assignments and review topics available at the Mastering Chemistry site.

You may also want to consider purchasing a test prep book. Purchasing additional books is not a requirement of the course.

If you have any questions, please contact me via e-mail at kkula@jefftwp.org.

Sincerely,

Mrs. Kula
