June 22 – August 14, 2020

The William Paterson University's Summer Youth Programs instructors are here to support families and students in grades 4 – 12 to engage, learn, connect with peers, and have fun during the summer while exercising social distance.

Our NEW ONLINE Summer Youth Programs offerings stimulate students' imagination and reinforce essential academic skills in the comfort of their homes.

Due to COVID-19 and exercising social distance, all Youth Programs offerings will be delivered using distance learning.
